Valve	We are writing to you to get a price quote for BERNARD brand gas valve with actuator, according to the actuator features given for Auma Valve in the attachment. The technical drawing of the section where the valve will operate is given in the appendix. Pen number 22. We need a proportional operating valve with a diameter of Ø1000mm. Fluid information is below. For pressure: Let me also inform you that it works in millibar levels between 0 and -1 bar. I expect to receive your offer as soon as possible. Actual gas flow [Am³/h]: 237oC
